# THE TALK OF THE CAMPUS

## Student Center

AMPUS undergraduate leaders at Juniata have learned that they have the "green light" to complete plans for a Student Center which will be constructed primarily with student labor. Approval of the project, a long-time desire of students, came from the Planning Commission of the college's board of trustees which proposed to underwrite the architect's fee to get the project under way. The Commission notified the student committee that "their recommendations have been received with favor." Included in the Center, which students propose should be constructed in the basement of the Women's Gymnasium, will be such features as a soda bar, grill, game area, the college book store and post office.

### 603 Enrolled

AN official total enrollment of 603 was registered at Juniata College for the Fall term for an eight per cent increase over last year's enrollment. The student body is dominated by a freshman class of 219, of whom 202 were newcomers to the campus in September. The summary shows that there are 96 seniors, 127 juniors, 129 sophomores, and 32 unclassified.

# Planning Sessions

FACULTY and student leaders moved back to the campus on Sept. 12 to meet in special conferences designed to lay the ground work for the 77th college year which

opened on Thursday, Sept. 18. The faculty conducted a general discussion on "Specific Measures for Helping Freshmen Make the Start in College." Student leaders, in the meantime, made plans for student activity in all phases of the undergraduate program at the 26th annual Leadership conference held at the scenic Camp Kanesatake, 17 miles from Huntingdon.

# Freshman Days

A program for Freshman Days was held at the college September 15-18 getting under way with President Ellis' address of welcome on Monday morning. Registration, tests, meetings with deans, campus tours, recreation and receptions were held for the orientation period under the direction of Harold B. Brumbaugh, assistant to the president.

THE BIBLE and its ancestry, a prominent library display because of the publication of the Revised Standard Version, is examined by two Juniata Christian Association leaders Helen C. Stutzman '54 (left), Johnstown, and Naomi J. Kulp '54, daughter of Mr. and Mrs. H. Stover Kulp, missionaries in Garkida, Nigeria.

# Parents Day

MORE THAN 650 parents of undergraduates at Juniata were "kings and queens for a day" on College Hill October 25 as the college held its annual Parents Day. Open house was declared in men's and women's residence halls, free luncheon was served for guests, complimentary tickets were provided for Juniata's upset victory over Dickinson (10-8), and two members of the music faculty (Miss Marie Jaeger, pianist, and Miss Mary Jo Pfotenhauer, mezzo-soprano) delighted a large audience in Oller Hall with a joint recital.

# Statesman Speaks

A DISTINGUISHED member of the British Parliament, Reginald Sorensen, statesman and writer, discussed "The Christian Answer to Communism" in an open forum at Juniata College on Oct. 31. Mr. Sorensen, chairman of the West African committee and a member of the Parliament deputation to India, was sponsored by the International Relations Club and Juniata Christian Association.

### 11 Korean Vets

ELEVEN veterans of the Korean war are registered at the College for the Fall term. This group increases the total number of veterans now enrolled to 29 since there are 18 World War II vets continuing under the former G. I. Bill.

# Two New Deans, Four Others Join Staff

SIX new members of the administrative staff, including new deans of women and of men, and seven replacements on the faculty joined the college family for the Fall term beginning in September.

Heading the list of newcomers to the administration are Mrs. Alice Brumbaugh Dove '17 as acting dean of women and Dr. James F. Penney as dean of men. Two other new members of the administration, Robert A. Newcombe, director of admissions, and John T. Fike, treasurer, were on the job this summer.

Mrs. Dove, former college instructor of modern languages, taught at Juniata in 1918-19 and later served on the faculties of Daleville and Bridgewater colleges as director of dramatics and teacher of languages. She succeeded Miss Jane E. McCormick who resigned to take graduate study in personnel at Cornell University. Her husband, the late Dr. Fred D. Dove, was a member of the faculty of Bridgewater College and taught at Juniata in the Summer terms of 1941 and 1942.

Dr. Penney, former dean of men and instructor in political science at the Harrisburg center of the Pennsylvania State College, is serving as dean of men, director of placement and teaching a freshman course in The Mind. He received his doctor of education degree in student personnel from Columbia University (Teachers College) this year. Dr. Penney, formerly of Uniontown and Indiana, served three years in the Army Engineers.

Other administrative appointments included Miss Miriam E. Dickey '49, as assistant librarian to Mrs. Sarah Steele Hettinger, and Myron C. Dunlavy '50, as field representative of the college working out of the admissions office. Miss Dickey formerly taught in Hollidaysburg High School; Dunlavy is owner and operator of Lincoln Caverns.

# New Faculty

S EVEN replacements on the Juniata faculty were obtained to open the 77th college year. The new members were:

Barbara J. Cochran, instructor in physical education for women. Miss Cochran, Warren, Pa., was graduated in June from the Pennsylvania State College and succeeds Miss Jane E. McCormick.

Marie L. Jaeger, instructor in music (piano). She has replaced Miss Marion Thomas, on leave of absence, to teach piano and a course in harmony. Miss Jaeger, Ripon, Wis., is a graduate of Ripon College and received her master of music degree this year from Cincinnati Conservatory of Music.

Mrs. Marjory L. Joseph, instructor in home economics. A graduate of Ohio State University, where she was a graduate assistant, Mrs. Joseph is teaching clothing and textiles. Her home is Milan, Ohio. She has had experience in the garment industry in New York and Philadelphia and taught high school for three years.

Wilson W. Kimbrough, Jr., instructor in psychology. Kimbrough attended Central Missouri State College and the University of Oklahoma under the Navy V-12 program. He received B.A and M.A. degrees from University of Arkansas and has been a graduate assistant at the University of Maryland working on his Ph.D. Home is Springdale, Ark.

Mary J. Pfotenhauer, instructor in music (voice). She was graduated in 1951 from the University of Michigan and received her master of music degree from the same university this summer. She is the daughter of the Rev. and Mrs. Otto H. Pfotenhauer, a Lutheran minister in Port Huron, Mich.

Joyce A. Thomas, instructor in modern languages. A native of Berlin, N.H., Miss Thomas is a graduate of the University of New Hampshire with a B.A. in 1950. She has been a graduate student at the University of Kansas and is serving as replacement for Miss Margaret McCrimmon, on leave of absence because of health.

Edward F. Yurick, instructor in history and English. Yurick, of Youngstown, Ohio, holds a B.A. and M.A. from Ohio State University and was a graduate student there this year. He also is serving as counselor for men living in the Lodge.

### Convocation

CONVOCATION services for the first Sunday of the new college year were held in the Stone Church of the Brethern on the campus Sunday, Sept. 21, with the Rev. Joseph MacCarroll '32 as speaker. The Rev. Mr. MacCarroll is pastor of the Ewing Presbyterian Church in Trenton, N. J.

## Summer Term

JUNIATA'S Summer Term closed August 22 with Commencement exercises in the college dining hall at a dinner for the 17 candidates and their guests. A total of 78 students were in attendance for the second period of the Summer Term.

### Rowlands Leave Huntingdon

Prof. Charles L. Rowland, professor of music emeritus, and his wife, Mrs. Luella Fogelsanger Rowland, have left the faculty of Juniata College and moved from Huntingdon to Shippensburg, Pa. "Prof," who retired last June after "31 years of faithful service," remained on the staff last year to teach voice. Mrs. Rowland served as an instructional assistant in English.

# Upward Trend in Family Size

Prepared by Population Reference Bureau

OLLEGE graduates want more children, and for the good of the nation they should have more. Juniata College's recent alumni are doing their share.

For the past seven years the Population Reference Bureau of Washington, D. C. has been making a study of the birth rate among college

graduates, in which Juniata College has shared. Each year colleges throughout the country send questionnaires to their tenth and twentyfifth reunion classes, to discover the number of marriages and births in each class. The results are then compiled into an intercollegiate statistical comparison.

Our college cooperated with the Bureau during the past year, reviewing the classes of 1942 and 1927. They found that Juniata's alumni and alumnae of 1942, surveyed through questionnaires last winter, are carrying the baby banner with zest. Our men of '42 report 1.84 children apiece ten years after graduation, and our alumnae of the class average 1.08 babies each. Although these are below the 2.1 children per graduate estimated as necessary for replacement, it is evident that in their remaining productive years they can more than replace themselves if they decide to do so.

### High Marriage Rate

Ninety-four per cent of our alumni of this class have married at the end of 10 years, with 1.97 children per married man and 2.11 infants per father. The alumnae of '42, 67% of whom have married, average 1.62 children, per wife and 2.29 per mother. Keep it up, '42!

Juniata also joined the Bureau's reviews of 1939-1941, studied in previous years. Our men of '42 must bow only to the alumni of '41 who averaged 2.07 offspring apiece, but they surpass the men of '40 and '49. Our alumnae of '42 are outnumbered in children by the women of 1940 only, for '40 boasts of 1.25 infants per alumna.

Happily, Juniata College's alumni

are well above the national average of 1.51 for the 121 colleges where the men of 1942 were reviewed, but our alumnae's birth rate falls below the 1.23 average for the 131 classes of women of '42. Among the colleges where the alumni of 1942 were surveyed last winter, Brigham Young University, Utah, reported the most children, averaging 2.58 apiece. St. Xavier College, Ill., alumnae of '42 lead the women with 2.12 babies

### Other Colleges Listed

Among our neighbors, Carnegie Tech reports 1.53 offspring per alumnus and 1.32 per alumna of 1942, and Bucknell U. averages 1.15 per man and 1.35 per woman. Haverford graduates of the class report 1.49 children each and Franklin & Marshall averages 1.37, while Lehigh reports 1.54 per man. There are 1.48 children per Lebanon Valley alumnus of the class and 1.28 per alumna; Dickinson averages 1.42 per alumnus and 1.41 per alumna; and Gettysburg reports 1.59 babies per man of '42 and 1.06 per woman.

But the background is ominous. Each year both the 10th and the 25th reunion classes are chosen for review, the former to learn the more recent trend and the latter because their families are almost complete. Nationwide reports from the classes of 1921-1927 show that 25 years after graduation they average only 1.78 children per alumnus and 1.27 per alumna.

Juniata College's class of 1927 was able to report only .94 of a child per alumna a quarter-century after graduation. This almost incredibly low average is somewhat offset by the alumni of '27, who reported 2.36 offspring apiece. Falling far below 2.1 the women are failing to replace themselves by 55%! Reports from our classes of 1924-1926, previously reviewed, are slightly more encouraging among the women, but are still a long way from replacement.

### Grads Fade Away

The average throughout the nation for the class of 1927 is 1.85 children per alumnus and 1.19 per alumna. It would seem that although old colleges never die, their graduates are fading away! For these ratios indicate that the children of all the 103,800 graduates in the country of the class of 1927 will number approximately 24,000 less than their parents. If the same proportions apply to the much larger classes of 1952, the loss from this year's grad-(Continued on page 12)

# Around The Campus Today ..

# Homecoming

HOMECOMING Day on Oct. 11 provided a spectacle of talent and beauty that was a delight to both old grads and new freshmen. Not only was Miss Pennsylvania, Juniata's Mim Smith '52, here for pre-game ceremonies to open Pennsylvania Week in Huntingdon, but also the Homecoming Queen was presented at halftime.

Mim Smith had to cancel her flight plans because of bad weather, but she arrived by car in time to be on College Field with County Commissioner Raymond A. English '19 and the county chairman of Pennsylvania Week at 1:30 p.m.

Then Peggy Brumbaugh, a junior from Chevy Chase, Md., was hailed as Miss Homecoming VI between the halves. Peggy, a 20-year-old head cheerleader, was selected in all-college voting from among nine candidates in an election sponsored by The Juniatian.

And that's not all. There was talent on display, too, as students prepared exhibits on various phases of campus life. Closing out the all-day festivities was the J Club Frolic in Memorial Gym when both the Homecoming Queen and Miss Pennsylvania were presented.

In between, an open house was held in Memorial Gym following Juniata's 36-6 victory over Haverford. John Langstaff, young American baritone, presented a recital for guests in Oller Hall in the evening.

# Survey Taken

A SURVEY of opinion among graduates of the Juniata classes of 1948 to 1952 inclusive is being conucted by Dr. Morley Mays, dean of the college, to determine the effectiveness of the college's integration courses, language study, and the freshman program as a whole in making the transition from high school to college.

HOMECOMING QUEEN with historical "ties" at Juniata is Peggy Brumbaugh '54, Chevy Chase, Md. Head cheerleader Peggy is great granddaughter of Dr. Andrew B. Brumbaugh, one of three founders in 1876, and granddaughter of Dr. Gaius M. Brumbaugh, one of three original students and long-time chairman of the board of trustees.

# Community Education

JUNIATA is making definite plans to offer another program of short-term courses suited to the needs and interests of adults in the community "because of the great amount of interest expressed by the people of the Huntingdon area in the Community Eduation Services."

Dean Morley Mays, who organized and directed the successful program last year, has announced that a 12-week program will begin Monday, Jan. 5, 1953. The new program under consideration will be conducted in two six-week periods offering some courses for one term only and other courses which would cover the entire 12 weeks.

The total enrollment for the entire program last year was 169 — "an unusually successful beginning," according to college administrators.

### Beauty and Brains

The Juniata coed who became Miss Pennsylvania, Mim Smith of McAlisterville, is a happy combination of beauty and brains. Her academic record was "straight B" from 1950 to 1952.

## Benedict Memorial

THE John Downey Benedict professorship in English, in memory of a distinguished young Waynesboro civic leader, was formally established by Juniata at a dinner in Oneida Hall on Friday, Oct. 17.

Because of "a firm belief in liberal education as a means of freeing men and cultivating fundamental principles of courage, truth, and justice," Lieutenant Benedict provided a bequest in his will of \$52,000 to Juniata College. Juniata was the personal preference of the former Waynesboro attorney because it represented "the finest type of college offering a liberal education."

The exercises inaugurated the professorship in the name of John Downey Benedict, who was killed in action on August 25, 1944, in France at the age of 34. President Calvert N. Ellis presided at the dinner for faculty, their wives and guests from Waynesboro.

Brief remarks concerning Lieutenant Benedict were made by Prof. Paul M. Bechtel '32, associate professor of English at Wheaton College, who was one of Benedict's closest friends in Waynesboro. Professor Bechtel also presented a fine address in chapel entitled "The Uses of Literature in our Time."

Additional remarks were made by Prof. Harold C. Binkley, chairman of the division of arts and languages and head of the department of English. Dr. Binkley became the recipient of the title that accompanies the John Downey Benedict Professorship in English.

# President at Lund

PRESIDENT Calvert N. Ellis of Juniata was among 250 delegates representing most of the 158 member churches of the World Council at the third World Conference on Faith and Order which opened August 15 at Lund, Sweden. Seventy churchmen from America were listed on the roster of those from 40 countries attending the conference.

# Pennsylvanians Hold 80 Percent Majority

PENNSYLVANIA dominates the enrollment at Juniata College with 80 per cent of the 571 full-time students this fall, but New Jersey shows a surprisingly high 12 per cent of the undergraduates.

Germany, Yugoslavia, 11 states and the District of Columbia are represented in the annual geographical distribution report issued by the office of the registrar here.

Sixty-nine of the regular students come from New Jersey to this Cen-

# Regional Meetings

THE regional conference and youth conference for the Eastern region of the church of the Brethern was held on the Juniata campus September 4-7. The conference theme: "Win Men to Christ." Clarence R. Bowman served as regional conference director and Miss Nina M. Alley as youth conference director.

### Write Biographies

Two of the 30 biographies of prominent churchmen included in a new book "Brethern Builders In Our Century" were written by President Calvert N. Ellis and Dr. T. F. Henry of Juniata College.

# She Can Cook!

A JUNE graduate of Juniata College has gained nation-wide recognition for her ability as a cook.

Ruth E. Armentrout '52 of Harrisonburg, Va., who received a bachelor of science degree after majoring

in home economics, was featured in a three-page article entitled "Thanksgiving Dinner in the best Southern manner" in the November issue of Farm Journal magazine.

Armentrout '52

The story included a full-page

color photograph of Miss Armentrout, her sister Carolyn, and her father and mother at a holiday meal which they prepared for the Farm Journal Kitchen. In addition, another photograph showed Ruth preparing to scoop "frozen ambrosia" for dessert.

"That flair for stirring up things blossomed (in Ruth)," according to the article, "until today, at 21, Ruth Elinor thinks nothing of fixing a surprise birthday luncheon for her mother, or taking over the Thanksgiving dinner."

Mrs. Armentrout points out in the story: "Stuffing turkey before roasting it was new to me . . . learned that from Ruth Elinor after she took home ec at college." Then the author explains that Ruth graduated in June from Juniata College.

Juniata's First

Miriam M. Smith '52, who represented Pennsylvania in the Miss America contest, is the first Juniata College coed to achieve fame in the annual beauty contest.

Who's Who Listing

Six senior campus leaders have been selected for the 1952-53 Who's Who Among Students in American Universities and Colleges: David A. Bayer, Woodbury, N. J.; Joanne M. Pentz, Pottstown; Jack L. Ulsh, Altoona; Donald W. Bracken, Phyllis R. Link and Robert E. Wagoner, all Johnstown.

JUNIATA'S 'WINNINGEST' TEAM, the 1952 squad. Front row, left to right: Harry Martin, Ron Clapper, Tony Segalavich, Dave Le-Fevre, Bob Wagoner, Bob Muchoney, Chuck Knox, Myron Sevick, Tom McNeal. ### The Best Record

IN a full year of momentous occasions in world history, there is very little chance that Juniata's football season will be recorded among the most significant events of modern times. However, by defeating Ursinus 7-0 on Nov. 15, the 1952 team clinched the best record in 30 seasons.

In spite of the 13-6 setback by the team-most-likely-to-succeed-in-beating-Juniata (Lebanon Valley, who else?), the Indians finished with six victories and two defeats. And those six victories came in succession—another performance never before recorded.

Not only did this year's Juniata team register the most triumphs and the best record in a single season, but it also accounted for one of the finest defensive records in the East. The small but solid freshman-dominated defense platoon proved to be the "secret weapon" in Coach Bill Smaltz's unexpectedly successful season.

The Indians' defense, composed of

two lettermen (Dave LeFevre '53 and Ron Clapper '54) and nine freshmen, held the opposition to only 1481 yards in rushing and passing or an average of 185.1 yards per game. Pass defense, considered a weakness in the opening game loss to Westminster, improved so much that the defenders yielded only 472 yards or 59 per game in eight contests. Led by Defensive Halfbacks Inc. (Ed Mohney, Joe Trimber and Vince Piazza, all freshmen), they made 18 interceptions and gained 252 yards in runbacks.

Few observers of football would be bold enough to state that Juniata had a "great" team this season. But this team had that difficult-to-pin-point quality of "fightin" spirit" which was developed by Coach Smaltz and his assistants (Bill Scott '36 and Dick Young '53) along with an enthusiastic band of talented freshmen.

This spirit was obvious in a number of ways. For example, the Tribe trailed Dickinson in the fourth period but uncorked a passing attack to win . . . fell seven points behind

Stagg's Susquehanna at halftime but tallied twice in the third quarter for victory . . . left the field at halftime without a score against both Grove City and Ursinus only to explode with a pass interception and a spectacular kickoff runback to set up the winning touchdowns.

Perhaps the most significant trend evident this season was that the winning record was compiled without benefit of any single brilliant player nor any individual sparkplug. Closest to attaining honors, however, was Dave LeFevre, tireless senior center from Hanover, Pa., who played almost every minute on offense and defense in all games. Others like Bob

Muchoney '53, Bob Wagoner '53, and Chuck Knox '54 doubled on both platoons from time to time, but LeFevre topped all for total time played.

Tony Segalavich '53 recovered from early-season bruises to pace the offensive team. He led in scoring with 31 points and in rushing and passing. Aiding him were Tom McNeal '54, fullback and signal caller; Fran Wampler '55, the top pass receiver; Quarterbacks Jim Butler '56 and Bill Yerzyk '56; Don Pheasant '56, reserve tailback; and Fred Hamor '54, veteran halfback who overcame a leg fracture in time to step into Wampler's position for the last two games after Wampler became ill with "shingles."

Up front on this offensive platoon were Ends Bob Wagoner '53 and Harry Martin '54; Tackles Chuck Knox '54 and Joe Veto '55; Guards Bob Muchoney '53 and Myron Sevick '55; and Center LeFevre '53. Note that only four seniors were on the squad — LeFevre, Muchoney, Segalavich and Wagoner!

Defensively, the all-freshman line proved effective against all types of rushing offense and held eight opponents to 1009 yards and only 68 points. Included along the line were Ends Don Conley and Barry Drexler; Tackles Amos Mosser and Ed Svitil; Guards Bill Haushalter and Charles Mullen. These six were backed up by the veterans LeFevre and Clapper.

# "Quad-Captains"

JUNIATA COLLEGE'S football squad, in an unprecedented step, elected "quad-captains" — all four seniors on the team—at the close of its most successful season.

Selected for the 1952 honor were: Center Dave LeFevre, Hanover; Guard Bob Muchoney, Greensburg; Tailback Tony Segalavich, McKees Rocks; and End Bob Wagoner, Johnstown.

JUNIATA COLLEGE'S basketball team will play a 20-game schedule against 15 opponents on the 1952-53 card. Ten games will be played at home in the new Memorial Physical Education Building opening with Ursinus College on Dec. 5. Dr. T. Arnold Greene, Huntingdon dentist, will serve his fourth year as head coach.

Ursinus and Lock Haven State Teachers College will be new opponents on this season's slate; all others were met last year. Lycoming, Elizabethtown, Susquehanna, Indiana STC, and Lebanon Valley are listed for home and away contests.

Coach Greene reported that the Tribe would be "counting heavily on freshmen this year." He pointed out that "we've never had so many boys with near-equal ability . . . the spirit is wonderful and everyone is hustling for a job."

Dave Pollock, Berwick sophomore who set a single-game record last season, appears to be the only member of last year's club with a strong chance of holding his starting position. The other four spots were wide open in pre-season practice. Only other letterman on the squad is John Cook, Greensburg junior.

# Alumni Achievement

# Miss Pennsylvania

WHEN the talented, raven-haired Mim Smith '52 of McAlisterville, Pa., represented Pennsylvania in the Miss America contest in Atlantic City, Sept. 1-7, she exhibited some of her skill in music attained at Juniata.

Miss Smith, a June graduate in music education, played the world's largest pipe organ in Convention Hall to become the first Miss America contestant to play the organ in the talent section.

While a student at Juniata, Mim took organ lessons under Prof. Donald S. Johnson, college organist and head of the department of music. In her senior year, Pennsylvania's 1952 queen was organist at the Stone Church of the Brethern.

Not only an organist, Miss Smith distinguished herself in other phases of the music program at Juniata. She was accompanist for the Juniata choir, played in the orchestra and in the band. She is qualified to teach after majoring in music education and receiving a bachelor of science degree.

# Insulation Expert

JOHN A. COFFMAN '39 has gained a reputation for his knowledge of the use of insulation in heavy-duty transportation equipment. Since 1950, he has been a section engineer in General Electric's Locomotive and Car Equipment laboratory, insulation section.

Coffman was attached to the plastics laboratory of GE's chemical division after receiving his master of science degree from Trinity College in 1941. In 1944 and 1945 he was engaged on the atomic bomb project, returning to GE's plastics laboratory at the completion of that assignment. In 1949 and 1950, he was in research with the Transformer and Allied Products laboratory.

# Study in Europe

S TUDY in Europe has been the experience of Sherwood Cordier '50 who was selected as a Rotary Foundation Fellow. This past summer, Cordier studied in Sweden where he concentrated on developments in housing, social services, and the cooperative movement as well as foreign policy and political questions, economic trends, recovery achievements.

In addition, Cordier studied the operation of Benelux in the Netherlands and Belgium. He reported that the Swedish Institute was invaluable aid to his studies. "And the hospitality and friendly welcome of these northern peoples have been truly wonderful," he stated.

While studying at the Graduate Institute of Geneva, Switzerland, he wrote: "Academic affairs have certainly not circumscribed my efforts to see and find out as much as possible about this fascinating continent of Europe . . . In Vienna, I crammed ten operas, concerts by a string quartet, the cellist Enrico Mainardi with the symphony, and the violinist Schneiderhan all into a two weeks visit."

# Chief of Section

THE Department of Commerce has announced the appointment of Frank W. Reinhart '30 as chief of the Organic Plastics section in the National Bureau of Standards. Formerly assistant chief, Reinhart joined the Bureau in 1937. For his work, he received the Superior Accomplishment Award of the Department of Commerce in 1946.

Before joining the bureau, Reinhart was instructor in chemistry at Juniata College. He received his B.S., summa cum laude, from Juniata in 1930, and later attended Columbia University in 1930, the University of Maryland from 1937 to 1942, and the NBS Graduate School.

Reinhart has written a number of technical papers on plastics, adhesives, and their testing. He is active on Federal specifications committees on adhesives and plastics. He is a member of the National Council of the Society of Plastics Engineers, American Physical Society, American Chemical Society, and the Washington Academy of Sciences.

### Doctor Promoted

uates alone will be at least 86,000.

Most of the other Pennsylvania colleges where the class of 1927 was reviewed last winter reported very small families, with the exceptions of the alumni of Allegheny with 2.14 and from Haverford with 2.50 children apiece. But Allegheny alumnae of the class could report but 1.29 babies each. Lebanon Valley '27 averages 1.18 infants per man and .70 per woman; Bucknell U. reports 1.30 per alumnus and 1.04 per alumna; and there are only 1.70 per Lehigh graduate of the class and but 1.41 per Franklin & Marshall graduate.

### Barometer of Births

The Bureau uses the survey as a barometer of America's collegiate birth rate. Since reports have been received from over 154,000 graduates to date, a reliable picture has been obtained. With so few of the college. groups replacing themselves, the outlook for future generations is depressing. Democracy being based on government by the people, it is evident that the calibre of the government depends on the quality of its people. As our abler people enroll in colleges in increasing numbers, the effect on the next generation will be most unfortunate if they receive along with their diplomas the tradition of small families. For "college babies" are important. The children of college graduates, benefiting from their parents' intelligence and from the surroundings which the parents' college training can provide, are vitally needed for our country's future.

On the hopeful side is the progressive increase in family size found among the graduates of recent classes, 10 years after graduation. The trend is definitely upward. Reviews of the classes of 1936-1942 reveal that the '42 graduates studied last year can boast of 39% more infants apiece than could those of '36 at the corresponding time. As more and more young graduates discover that larger families are to be desired and are possible, the old pattern of too few children will be abandoned.

# Class Newsletter Plan Is Enthusiastically Endorsed

DESCRIBED AS an "ambitious program," a class newsletter plan has been approved by the executive committee of the Alumni Association and the Alumni Council. Here's the idea: the Alumni office will provide class correspondents with an up-to-date class list... then the correspondents will write a letter to all class members which will include a questionnaire prepared

by the Alumni office . . . after an interval of time, the correspondents will compile and edit newsletters which will be multilithed by the Alumni office and mailed from Huntingdon to all members of the class. The participating classes and cooperating correspondents as of November are listed below.

# Publication Dates, Issues Changed

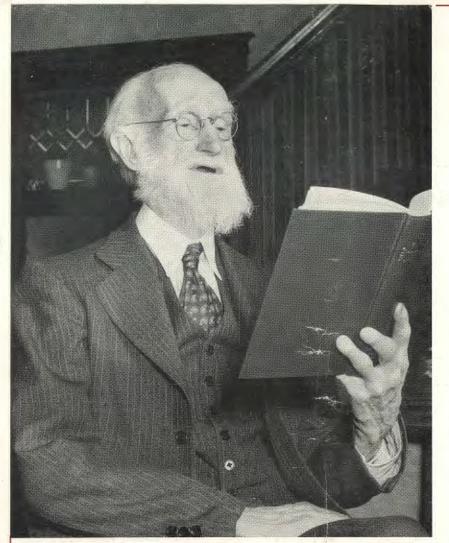

YOUR Alumni Bulletin, formerly issued four times each year, will be published only three times effective in 1952 in an effort to bring publication costs in line with the budget allotment. A new "supplement" publication is under consideration to stress the Newsletter idea, but issues have not been scheduled.

Publication dates set tentatively for the three issues of the Alumni Bulletin:

SPRING — March 30

SUMMER — July 30

FALL — November 30
